Protective Strips for Acaia Lunar

Package Contents:

Protective Strips For Acaia Lunar x 2

Purpose

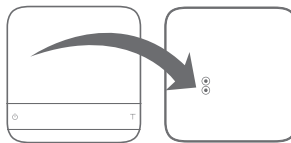

The protective strips are to prevent scratches between the scale and the countertop surface.

Tips

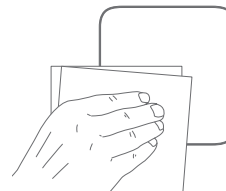

1. The application of the protective strips is optional.
2. Clean the area with rubbing alcohol.
3. Make sure the bottom of the scale is completely dry and free of dust before application.
4. Recommended strip placement is about 3 mm from scale edges.

Protective Strips Application Instructions

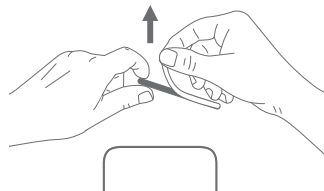

- 1 Turn the scale over.

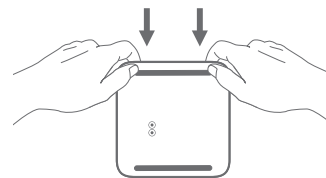

- 2 Clean the bottom of the Lunar, let dry.

- 3 Remove the adhesive backing.

- 4 Position each protective strip at the bottom of Lunar and press firmly.

* 3 mm from scale edges.
