

Technical Features

	DREAM ONE	DREAM PID
Voltage (V)	230VAC/50Hz - 120VAC/60Hz	
Power (W)	1050	1090
Pump pressure (bar)	20	
Weight (kg)	8 (FF) / 7 (MF)*	
Dimensions (l x w x d)**	245 x 345 x 280	
Tank capacity (L)	1,3	
Filter holder size (mm)	Ø 60	Ø 60

* FF: Fixed filter holder. MF: Mobile filter holder

** Length x width x depth (mm)

Features

20 bar pump pressure.

Professional system, exchanger with stainless steel ducts.

Food-safe materials.

Electronic temperature control.

Working pressure gauge.

Frother and hot water.

360° heat-resistant steam nozzle.

Active cup warmer in PID models.

Lit tank in PID models.

EC certification.
