

Technical Features

	230VAC - 50Hz		120VAC - 60Hz		Weight (kg)	Dimensions (L x W x D)*	Tank capacity (L)
	Power (W)	Intensity (A)	Power (W)	Intensity (A)			
UNO	1050	5	1050	9	11	270 x 360 x 315	2
DUO	2100	10	2100	20	15		
TRIO	3150	14	3150	28	21	480 x 360 x 315	2 + 2

* Length x width x depth (mm)

Features

20 bar pump pressure
 Body in epoxy-painted steel and stainless steel.
 Professional system, exchanger with stainless steel ducts.
 Food-safe materials.
 Electronic temperature control.
 Working pressure gauge in PID models.

Frother and hot water.
 Separate steam and water outlets (DUO/TRIO models).
 Active cup warmer in PID models.
 Lit work zone.
 EC certification.
