ESPRESSO PARTS
CUSTOM SHOP
EST 2007

Espresso Parts Custom Shop jobs are placed all around the world. Espresso Parts has been innovators in the field of equipment customization since 2007 with hundreds of machine projects in our portfolio.

The Custom Shop has been instrumental in bringing awareness and excellence to equipment customization as well as working to make aspects of custom designs more accessible to all levels of customers.

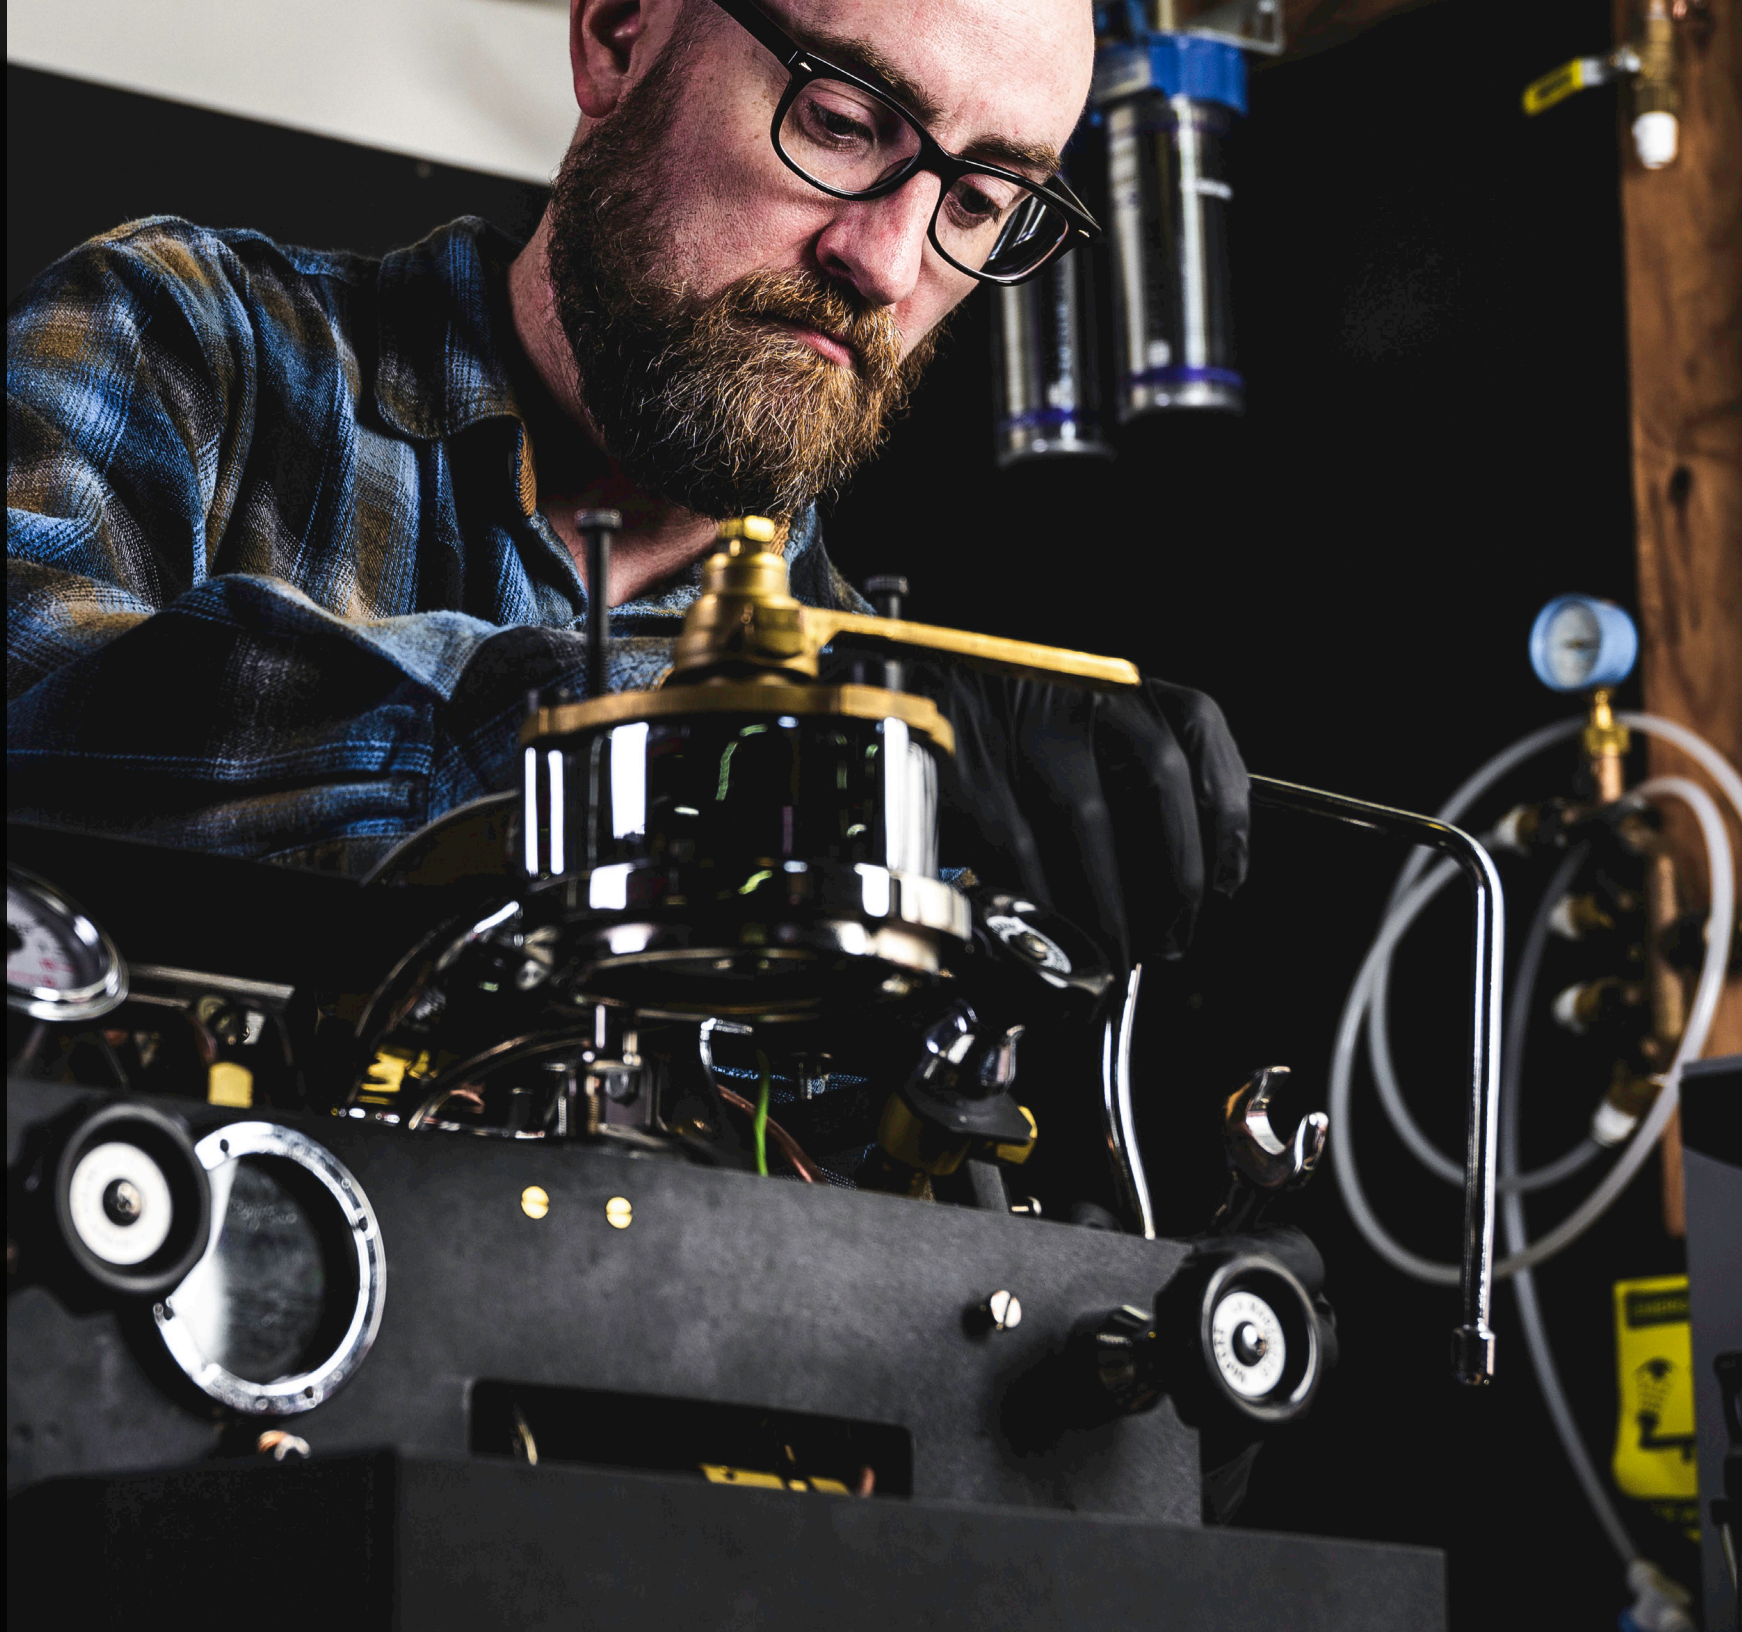

This equipment must be installed in accordance with the applicable federal, state and local plumbing codes.
Cet appareil doit être installé conformément aux codes de plomberie applicables fédérales, locales et d'État.

Custom Shop Manager & Lead, Dave Ringwood is an expert when it comes to customizing equipment and wares. He has been designing and building custom jobs in the specialty coffee industry for almost 20 years.

He has unmatched experience fully customizing La Marzocco, Slayer, Ascaso, Nuova Simonelli, Fioronezato, vintage restorations and more.

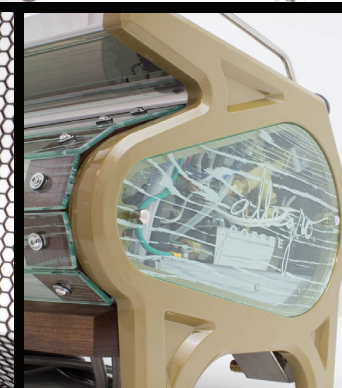

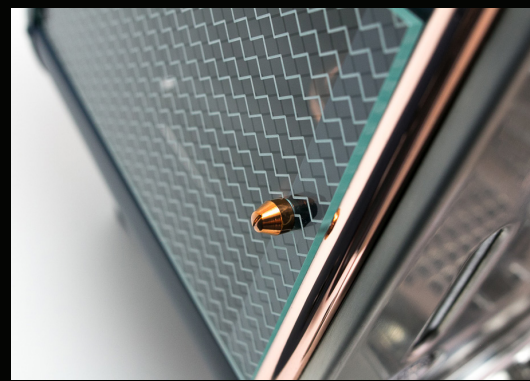

No matter what your vision is chances are Dave can (and will) bring them to life.

OUR GOAL

The goal is simple. We aim to deliver the highest quality of customization and restoration that will help bring your brand and vision to life.

Whether it's custom etching, badging, logo design, texturizing, refinishing or overhauling all together, our custom shop has got you covered.

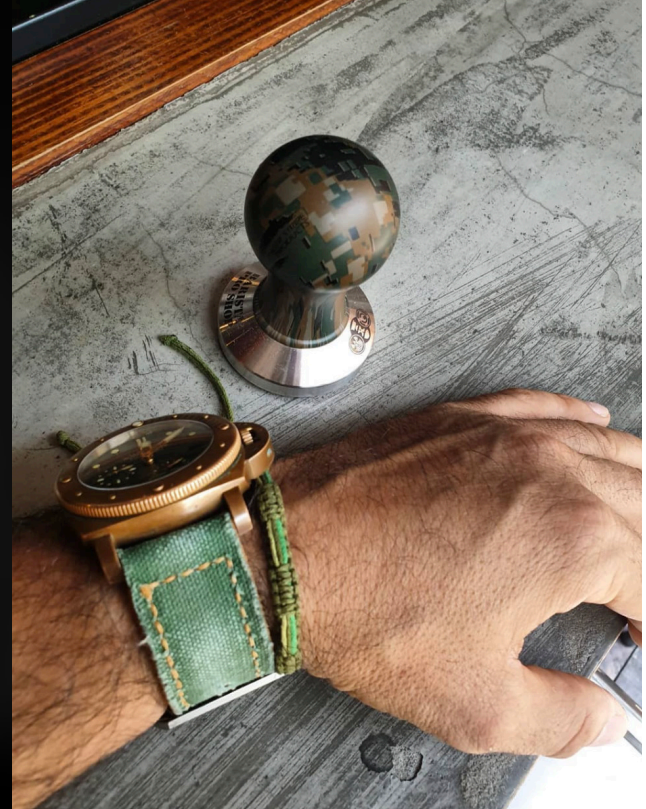

OUR SERVICES

We offer customization on a wide range of specialty coffee gear, including but not limited to:

- *Espresso Machines*
- *Grinders*
- *Custom Espresso Machine Panels*
- *Custom Printing: Cups, mugs and decanters*

Got a wild idea? Bounce it off our team to see what the possibilities are.
