

FELLOW

Aiden Precision Coffee Maker

Precision control meets unrivaled convenience.

Meet the machine changing the narrative that drip coffee is synonymous with “bad” coffee. Combining precision, control, and speed, Aiden brews pour-over quality coffee with the press of a button. Sip a single serving or brew a 10-cup batch exactly how the roaster intended—or dial in your own recipe.

Key Features

Pour-Over Quality Coffee

Aiden automatically dials in the most important variables for brewing pour-over style coffee: to-the-degree temperature control, precise coffee-to-water ratios, and a built-in bloom cycle. Spend less time worrying about the details and more time drinking great coffee.

Built-In Brewing Guidance

Aiden provides foolproof guidance with brewing presets developed by our in-house Q Graders. Choose light, medium, or dark roasts, cold brew and more. You don't need to be a coffee expert to brew expert coffee.

Single Serve + Batch Brew

Whether you're brewing one cup or 10, Aiden delivers delicious coffee every time. We designed interchangeable single serve and batch brew baskets and a first-of-its-kind dual shower head for even water distribution across all volumes.

App Control + Scheduling

Adjust the settings and create and share brew profiles from your phone. Plus, you can conveniently schedule your brew in advance. Make a single serving for yourself from bed or a full 10-cup batch from the middle of a party.

AVAILABLE TO PREORDER

Ships end of August 2024

Thoughtful Additions

Instant Brew Mode

Select this mode to bypass guidance and brew with a single touch of a button.

Filter Compatibility

Brew baskets fit Melitta #2 cone filters and Melitta 8-12 cup basket filters.

Customizable Brew Profiles

Roaster-developed recipes to brew a coffee exactly how the roaster intended.

Advanced Settings

Configure bloom ratio, bloom temperature, number of pulses, and time between pulses.

Heat Retentive Thermal Carafe

A double wall carafe keeps your coffee warm for hours.

Warranty

2-year standard warranty, plus an additional year (for 3 years total) with product registration
