ColdBRU

INTRODUCING THE NEW MARCO ColdBRU

The quickest, easiest and most consistent way to brew cold brew concentrate.

With an average brew time of under 3 hours, delivering approx. 19% extraction and 4% TDS, the Marco ColdBRU gives you more from your coffee.

In fact, when using the same amount of coffee, the Marco ColdBRU can deliver a higher yield of up to 30% more concentrate when compared with the leading competitor.

The Marco ColdBRU uses no paper filter papers, meaning you get the most from your coffee whilst saving the cost and waste of consumables.
