THE VERTICAL REVOLUTION

Discovering
PIETRO
THE VERTICAL REVOLUTION

An iconic and timeless design work, born to last and revolutionise. Vertical flat burrs: professional precision in a manual coffee grinder.

01

the retractable lever is the link between your passion and our work.

02

All the parts in contact with the coffee are made of food-grade material.

03

The top cap and the coffee container are both equipped with an airtight seal, to maintain all the flavors.

04

Simple and intuitive grinding adjustment system, thanks to the stepless ring nut.

Anti-Slipping base to make your grinding experience easy and more effective.

05

Two different burr geometries created to guarantee the best for each type of extraction:

> **Multipurpose burrs** are versatile and able to accompany you from espresso to filter.

> **Brewing burrs** are designed to obtain the best result in filter preparations.

Choose the ideal set according to your mode and preferences.

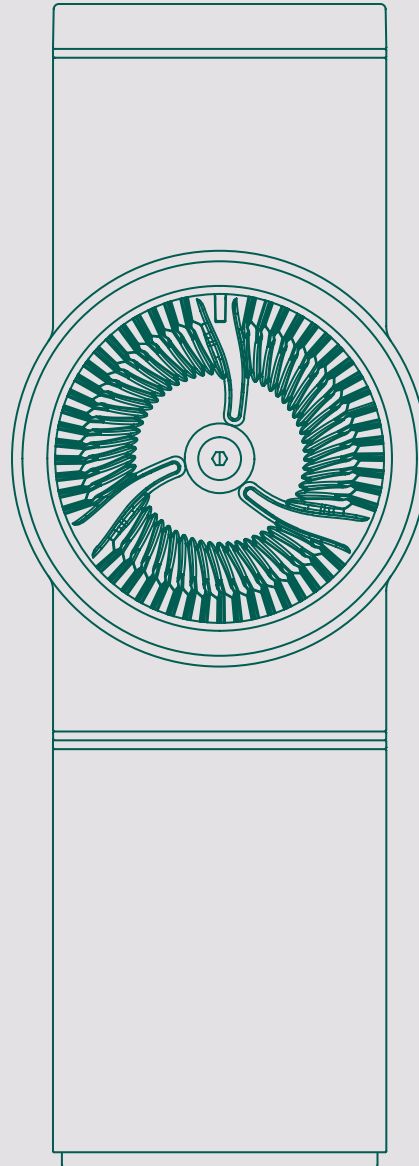

06

Pietro is not just a manual coffee grinder; it is a style that gives maximum freedom of expression to coffee lovers.

The result of research that combines passion, design and technology at your service.
